How to Use this Guide: 3 Steps to a Health Plan

LEARN

Step 1: Service areas

First, find your **service area**. Go to page 39. Look up your town—to the right of your town, you will find the name of your service area. (See pages 39 to 45.)

A **service area** is a group of cities and towns that a health plan serves.

For example, if your town is Fairhaven, your service area is New Bedford. Once you know your service area, go to step 2.

Your Town	Service Area
Fairhaven	New Bedford
Fall River	Fall River
Falmouth	Falmouth

COMPARE

Step 2: Health plans in your service area

Next, look at pages 7 through 31 and find the plans in your service area. Each plan has a list and map of its service areas.

For example, if you live in Fairhaven and saw that your service area is “New Bedford,” you would look at plans that list “New Bedford” under “service area.”

Accountable Care Organizations (ACOs)

ACOs are groups of doctors, hospitals, and other health care providers who give coordinated, high-quality care to MassHealth members. This way, MassHealth members get the right care at the right time.

There are two types of ACOs you can enroll in: **Accountable Care Partnership Plans** or **Primary Care ACOs**. In both, ACOs are led by providers, not just administrators. **Primary Care Providers (PCPs)** are at the center of your care. Providers work with you directly and know your needs. They will have a bigger part in working with you to make decisions about care in an ACO than in other types of health plans.

On the following pages, we describe the two different types of ACOs as well as managed care organizations (MCOs) and the Primary Care Clinician (PCC) Plan. You can choose any of the plans in your service area.

Accountable Care Partnership Plans (ACPPs)

In this type of ACO, PCPs work with just one health plan. The provider network includes PCPs, specialists, behavioral health providers, and hospitals. PCPs plan and coordinate care to meet your health care needs.

In this kind of ACO, you

- Must live in the service areas covered by the ACO
- Must use the ACO's provider network
- Choose a PCP in the ACO, or one will be assigned to you
- Can change your PCP at any time within the ACO
- May get the services of a behavioral health or long-term services and supports (LTSS) **Community Partner** (See page 3)
- Will have a **Plan Selection Period** and a **Fixed Enrollment Period** every year (See page 4 for definitions)

Key Terms

Network

A group of doctors, hospitals, and other health care providers that a health plan contracts with to provide medical care to you.

Primary Care Provider (PCP)

A health care provider you choose to give you routine care and refer you to a specialist when necessary. PCPs provide many health care services, such as

- Yearly checkups
- Vaccinations
- Health screenings
- Sick visits

(See page 4 for more information.)

Primary Care ACOs

In this type of ACO, PCPs have joined together into an ACO to be responsible for your care. The ACO contracts directly with MassHealth to coordinate the full range of services for its enrollees. Primary Care ACOs work with the MassHealth provider network of specialists and hospitals and may have certain providers in their “referral circle.” This circle gives you direct access to other providers. The Massachusetts Behavioral Health Partnership (MBHP) provides behavioral health services.

In this kind of plan, you

- Must choose a PCP in the ACO’s group of providers when you enroll
- Can change your PCP at any time within the ACO
- May get the services of a behavioral health or long-term services and supports (LTSS) Community Partner (*see below*)
- Will have a Plan Selection Period and a Fixed Enrollment Period every year

Community Partners

Community Partners are local organizations that help MassHealth members with behavioral health (BH) needs and long-term services and supports (LTSS).

You may qualify for help from a Community Partner if you

- Are in an Accountable Care Organization (ACO) or Managed Care Organization (MCO)
- Are in the Department of Mental Health’s Adult Community Clinical Services (ACCS) program
- Were in the ACCS program

A Community Partner helps you plan for your health care and works with your Primary Care Provider (PCP) and other providers to meet your needs.

Managed Care Organizations (MCOs)

MCOs are health plans run by insurance companies. These plans provide care through their own provider network which includes PCPs, specialists, behavioral health providers, and hospitals. Care coordinators are employed by the MCO.

In this kind of plan, you

- Must live in the service areas covered by the MCO
- Must use the MCO provider network
- Choose a PCP in the MCO, or one will be assigned to you
- Can change your PCP at any time within the MCO
- May get the services of a behavioral health or long-term services and supports (LTSS) Community Partner (*see below*)
- Will have a Plan Selection Period and a Fixed Enrollment Period every year

PCPs who are part of an ACO will not be available as PCPs in MCOs.

Health Related Social Needs Services

If you are in an Accountable Care Organization (ACO), you may be able to get help with food and housing through the MassHealth’s Health Related Social Needs (HRSN) Services program. For example, you could get help with purchasing fruits and vegetables and help searching for housing. Each ACO offers different HRSN services, so please contact your ACO for more information.

MORE INFORMATION

Primary Care Clinician (PCC) Plan

In the PCC Plan, primary care providers are called primary care clinicians (PCCs). The MassHealth network of PCCs, specialists, and hospitals delivers services. The Massachusetts Behavioral Health Partnership (MBHP) provides behavioral health services.

In the PCC Plan, you

- Must choose a PCC from the MassHealth list when you enroll
- Can change your PCC at any time
- Can change from the PCC Plan to an ACO or MCO at any time

Notes:

PCPs in an ACO will not be available as PCCs in the PCC Plan.

Community Partners are not usually available in the PCC Plan.

Key Terms

Plan Selection Period

The time of year when you **CAN** change your health plan.

(See page 34 for more information.)

Fixed Enrollment Period

The time of year when you **CANNOT** change your health plan, except for certain reasons.

(See page 34 for more information.)

Choosing a Primary Care Provider

It is important to choose a primary care provider (PCP) for you or your family.

Your PCP helps you get the care you need. PCPs provide a wide range of health care services, such as

- Yearly checkups
- Vaccinations
- Sick visits
- Health screenings

Getting to Know Your PCP

Your PCP gets to know you and your health history, habits, and goals. Your PCP

- Provides treatment
- Helps you manage health issues like asthma, obesity, diabetes, and high blood pressure
- Refers you to a specialist when needed

Changing Your PCP

You can change from one PCP to another within your health plan at any time and for any reason.

Accountable Care Partnership Plans and Managed Care Organizations

If you are in an Accountable Care Partnership Plan or Managed Care Organization, call your plan. The phone number is on the back of your card.

Primary Care ACO and PCC Plan

If you are in a Primary Care ACO or the PCC plan, call MassHealth at **(800) 841-2900**, TDD/TYY: 711.

Which Providers Can You See?

Your choice of PCP and the network of providers you can see depends on which health plan you choose. Below is a description of the providers you can see based on your health plan choices. Changing Your Health Plan

As a MassHealth member enrolled in a health plan, you can change your health plan for any reason only during your Plan Selection Period. Once you are in your Fixed Enrollment Period, you will be able to change your health plan only for certain reasons.

The following members can change health plans at any time for any reason.

- Children who are in the care or custody of the Department of Children and Families (DCF)
- Youth who are in the care or custody of the Department of Youth Services (DYS)
- Newborns and children who are younger than one year old
- Members enrolled in the Primary Care Clinician (PCC) Plan

Plan Selection Period

If you are enrolled in an MCO or ACO, you will have a 90-day Plan Selection Period every year. MassHealth will notify you about your Plan Selection Period. During that period, you can change health plans for any reason.

If you are enrolled in the PCC Plan, you can change to an ACO or an MCO at any time.

If you decide to change your health plan, be sure to check www.MassHealthChoices.com for health plan options available in your area.

Fixed Enrollment Period

If you are in an ACO or MCO when your Plan Selection Period ends, you will be in your Fixed Enrollment Period. During your Fixed Enrollment Period, you will be able to change your health plan only for certain reasons. (See page 34.)

PLAN SELECTION PERIOD VS. FIXED ENROLLMENT PERIOD

Plan Selection Period

During this time, you **CAN** change your health plan.

Fixed Enrollment Period

During this time, you **CANNOT** change your health plan.

Except for certain reasons (See page 35.)

Fixed Enrollment Period Exceptions

When you are in your Fixed Enrollment Period, you may only change your health plan for one of these reasons.

- You move out of the MCO, Accountable Care Partnership Plan, or Primary Care ACO service area.
- The MCO, Accountable Care Partnership Plan, or Primary Care ACO does not, because of moral or religious objections, cover the service you request.
- You need related services to be performed at the same time. Not all related services are available within the network, and your primary care provider or another provider determines that receiving the services separately would subject you to unnecessary risk.
- You receive poor quality care, lack access to services covered, or lack access to providers experienced in dealing with your health care needs.
- The MCO or Accountable Care Partnership Plan is no longer contracted with MassHealth to cover your service area, or your PCP who participates in your Primary Care ACO is not available in your service area.
- You demonstrate to MassHealth that the MCO, Accountable Care Partnership Plan, or Primary Care ACO has not provided access to providers that meet your health care needs over time, even after you request assistance.
- You are homeless (*and MassHealth's records also indicate that you are homeless*), and the MCO, Accountable Care Partnership Plan, or Primary Care ACO cannot accommodate your needs geographically.

- You demonstrate to MassHealth that the MCO, Accountable Care Partnership Plan, or Primary Care ACO violated a material provision of its contract with MassHealth.
- MassHealth imposes a penalty on the MCO, Accountable Care Partnership Plan, or Primary Care ACO that specifically allows you to disenroll from your MCO, Accountable Care Partnership Plan, or Primary Care ACO without cause.
- You demonstrate to MassHealth that the MCO, Accountable Care Partnership Plan, or Primary Care ACO is not meeting your language, communication, or other accessibility preferences or needs.
- You demonstrate to MassHealth that your key network providers, including PCPs, specialists, or behavioral health providers, leave the MCO, Accountable Care Partnership Plan, or Primary Care ACO network.
- You live in the Oak Bluffs or Nantucket service areas.

If MassHealth denies your request to transfer to another health plan during your Fixed Enrollment Period, you can ask for a fair hearing (appeal). Learn more about asking for a fair hearing on page 38.
